

Sanitary protocol of the Hotel Les Jardins de Mademoiselle

OUR HOTEL IS SUBJECT TO THE PRESENTATION OF THE VACCINATION
PASS FROM JANUARY 24, 2022

The whole team is mobilized to respect the health safety
protocols and guarantee the safety of all.

These measures, in accordance with the recommendations
in terms of hygiene, cleaning and respect for social distancing,
guarantee your safety and that of our employees.

What are the health prevention facilities ?

Hydroalcoholic gel is at your disposal at the reception desk
but also in all common areas.

The reception desk is equipped with a plexiglass barrier.

Each employee is equipped with masks and hydroalcoholic gel.
We have also decided to limit the number of employees in our establishment in
order to limit interactions.

Wearing a mask is mandatory for our employees but also for our customers
for any movement within our hotel.

Has the staff received training as part of the sanitary measures ?

Yes, each member of staff was made aware of barrier gestures, social distancing
and methods for disinfecting their workstations, common areas and rooms.

The number of employees is limited in each area of the hotel in order
to limit interactions.

Is cleaning done in the room every day ?

Every time you check out, we clean your room thoroughly.

However, we would like to draw your attention to one important point :
if you stay several nights, your room will not be automatically cleaned.
The maintenance of your room will only be done on request at the reception desk
or by our staff on the floors.

What kind of catering do you offer ?

We offer a buffet-style breakfast on an all-you-can-eat sweet / savory offer at a price of 18 euros per person.

The current sanitary protocol obliges us to reduce our reception area by half, respecting a maximum of 6 people per table. We can nevertheless propose a continental offer in your room including 1 hot drink, 1 fruit juice, a yogurt or a fruit salad, pastries and bread, butter, jam. This new formula will be billed 12 euros per person.

Are your spa services maintained ?

Our space remains accessible. Nevertheless, in order to guarantee the sanitary safety of all, we will make sure that there will be no more than 8 people simultaneously in the pool, 2 people in our hammam and our fitness room.

We will continue to disinfect the areas on a regular basis.

Do you still propose massages in your hotel?

Our partner **Paris Premium Massage** is still in business and respects the required sanitary protocol.

Each practitioner and each client will be provided with a mask during each massage. The massage table will be disinfected at the end of each session.
